

Pathways

Introducing the Memorandum of Understanding between CIOB and HETAC

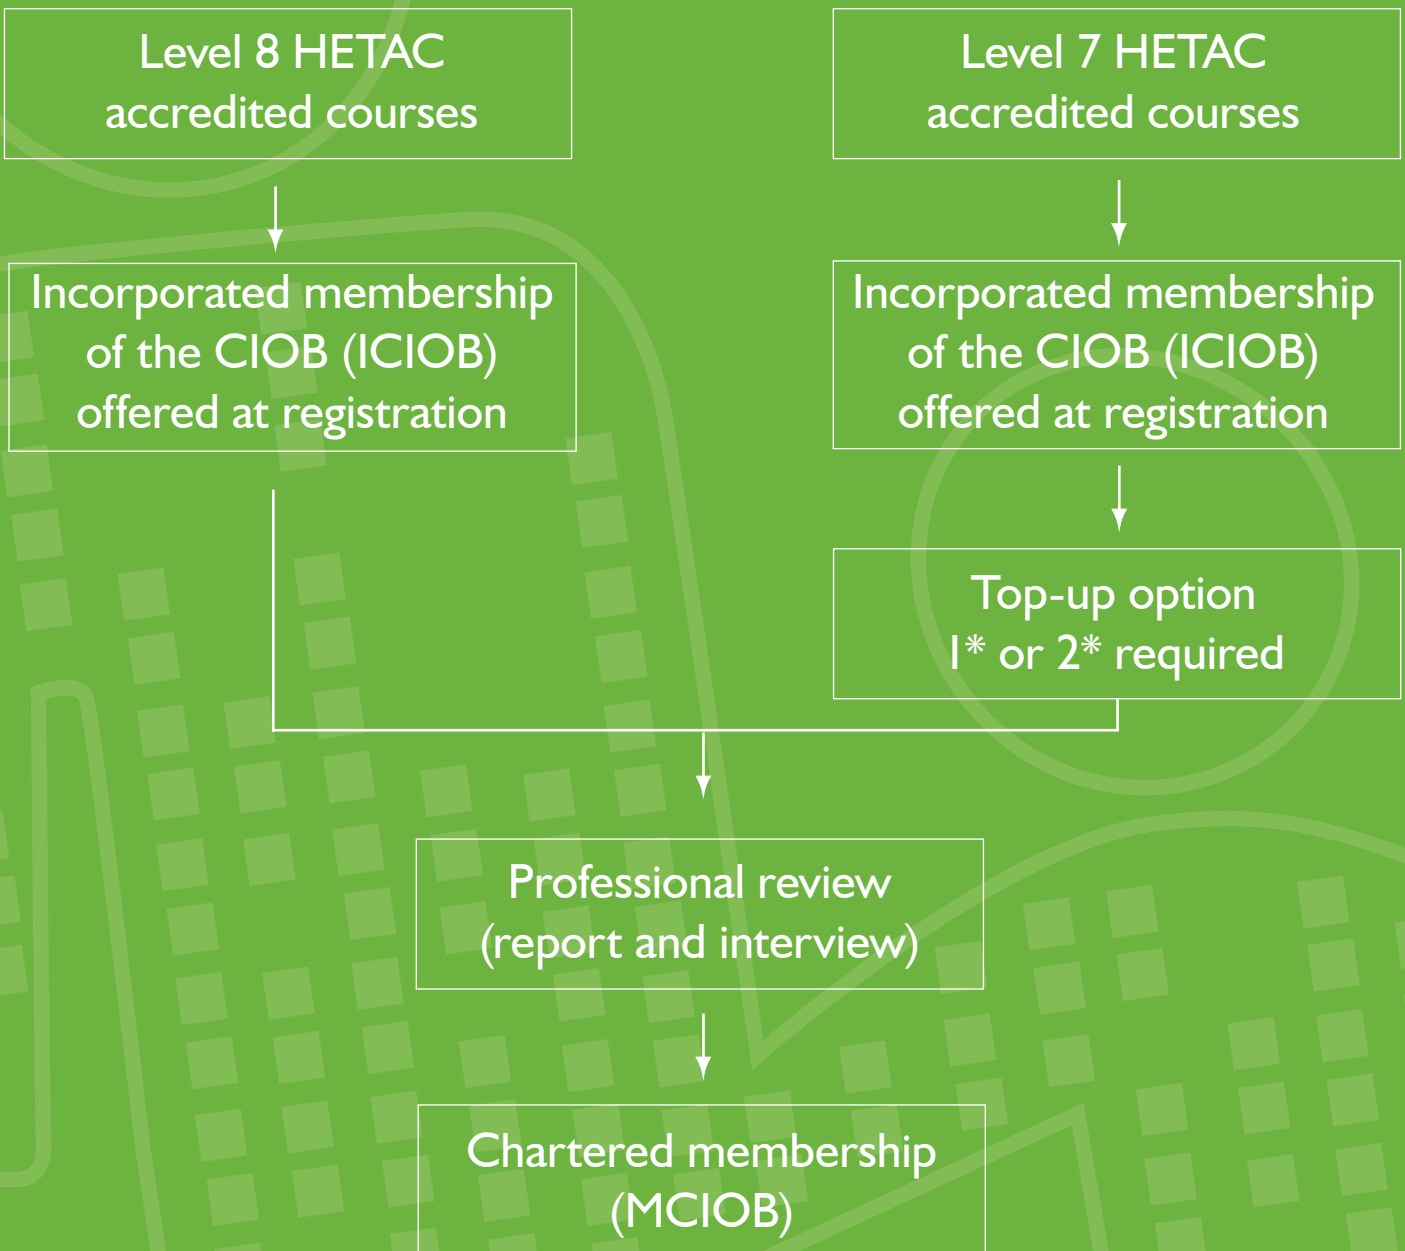

The Chartered Institute of Building (CIOB) recently signed a Memorandum of Understanding (MOU) with the Higher Education Training Awards Council (HETAC). This collaboration enables CIOB to recognise Level 8 (and higher) cognate construction degree programmes accredited by the Higher Education Training Awards Scheme (HETAC) as fulfilling the academic requirements for Corporate membership of the CIOB, and further agrees to provide appropriate pathways to such corporate membership.

The pathways will also meet the needs of holders of Level 7 construction degrees accredited by HETAC, through the achievement of credits at Level 8 in the Irish National Framework of Qualifications.

Since 2001, HETAC has replaced the National Council for Education Awards (NCEA).
